Healthy Living

In Your Home

Medicare/Medicaid

Home care services are an important component of your overall health care program. Home health care can help patients of all ages who need short term acute rehabilitative care or long term maintenance and enable healthy living in the comfort of their own homes.

Quality home care can help patients achieve and sustain the highest levels of health activity and independence. A wide range of people can benefit from the services of Liberty Home Care, including new mothers and their infants, children with special needs, recovering patients and homebound elderly.

Liberty Home Care has provided excellent services to this region for over 50 years. Our clinical professional staff has cared for generations of home bound patients from newborns requiring sensitive monitoring to adults requiring complex postsurgical care.

Today more than ever, Liberty Home Care is here to provide the compassion and care you or your loved one needs to return to good health.

Our Services

Liberty Home Care provides each patient with an individualized care plan developed jointly by the patient's physician, the patient and his or her family, the nurse and the home care team. All services are based on principles that recognize the dignity of the patient.

Several goals are established during home care:

- Restore patient to optimum levels of health.
- Strengthen patients' attitudes and personal practices.
- Help patients and families learn more about the patient's condition and the rehabilitative process.

To meet the home health needs of patients and their families, Liberty Home Care provides a full range of comprehensive services including:

- Adult, pediatric and maternal-child health services
- Newborn Care Counseling
- Skilled Nursing
- Restorative Care
- Physical, Speech and Occupational Therapy
- Home Health Aide Services
- Social Services (M.S.W.)
- Case Management
- Nutritional Counseling
