

Our Commitment

Providing quality medicine for more than 200 years, Jersey City Medical Center also is the newest and most modern hospital in northern New Jersey. We offer all the cutting-edge advantages of an outstanding teaching hospital paired with great patient amenities. Patient rooms are designed to enhance the flow of natural light and create an optimum healing environment. The 15-acre campus boasts remarkable views of the New York Harbor and the Statue of Liberty.

At Jersey City Medical Center, we continue to deliver the best care to our patients. We are committed to serving the needs of our community.

Meet the DOCTOR

Ziad G. Hanhan, MD, MPH
Cardiovascular Surgeon

Doctor Ziad G. Hanhan

Dr. Ziad Hanhan is a board-eligible cardiothoracic surgeon who specializes in heart and lung operations. His areas of expertise include “on and off pump” coronary revascularization, valvular surgery, and minimally invasive lung surgery.

Dr. Hanhan received his undergraduate degree from the University of North Carolina at Chapel Hill and his medical degree from Saba University School of Medicine in the West Indies.

Following medical school, he went to New Brunswick, NJ where he completed his residency in general surgery at UMDNJ-RWJ. Subsequently, he spent two years in Chicago, IL as a cardiothoracic surgery fellow at the University of Illinois.

Dr. Hanhan is a member of the American College of Surgeons, the Society of Thoracic Surgeons, and the American College of Chest Physicians.

Dr. Hanhan’s office is located at Jersey City Medical Center and his staff includes five board-certified

physician assistants who provide around-the-clock inpatient coverage.

Dr. Hanhan is married and has a daughter. He enjoys sports and spending time with his family.

About Jersey City Medical Center
