

Happy Hospital Week

from Jersey City Medical Center!

Jersey City Medical Center is proud to join with the American Hospital Association in "Celebrating Health, Hope & Healing" this National Hospital Week, May 9th-15th. In honor of National Hospital Week, we would like to thank all of our dedicated employees who are committed to enhancing the lives of patients throughout the communities we serve.

Your untiring efforts have earned us many honors and recognitions – and enabled us to provide the highest quality of care to our patients. It is due to your hard work that we have been named a State-Certified Stroke Center, designated the State Trauma Center for Hudson County, and recognized with the prestigious Magnet Award for Nursing Excellence.

In addition, the recent Castle, Connolly Medical Ltd. Survey of NJ Doctors rated us:

#1 Overall NJ Hospital*

and recognized JCMC as the only hospital to receive a "Top 10" in all categories, including the following:

#1 High-Risk Pregnancy

#2 Congestive Heart Failure

#1 Neurological Disorders

#2 Coronary Bypass

#1 Stroke

#3 Prostate Cancer

To the entire Jersey City Medical Center staff, we extend our heartfelt thanks and appreciation. Our accomplishments are a direct result of your commitment and dedication.
